Call today to find out how Pioneer SecureShred can help you reduce your risk of identity theft and consumer fraud @ 612/381-2199

Protecting your assets, proprietary trade information, even personal information is critical in today's world. Whether you are an individual or in business, shredding sensitive data and products is a necessary step in protecting yourself and in complying with new and existing laws.

Since 1894, Pioneer Paper Stock has been known for **SERVICE** and **INTEGRITY**. Now **Pioneer SecureShred** brings our paper recycling expertise full circle—offering secure document destruction services to ensure that confidential company or personal information will **NOT** end up in the wrong hands due to identity theft and consumer fraud.

In addition to paper, Pioneer SecureShred can grind **PRODUCTS** such as computer disks, credit cards, x-rays and more! Any quantity is accepted, including items by the truckload. Contact us to discuss options available to you.

**SECURITY ASSURANCE with the Pioneer SecureShred Chain of Custody**

When selecting a document destruction company, how your paper is handled and how it is destroyed can vary from company to company. The **Pioneer SecureShred Chain of Custody** is what sets us apart from the rest.

**Pioneer SecureShred Employees—Bonded and Insured**

All employees of Pioneer SecureShred must pass a comprehensive national and state criminal background check, drug screening, employment history, and driving record check prior to employment. Additionally, each employee must sign a Confidentiality and Ethics Agreement.

**Pioneer SecureShred Facility**

Our security facility is surrounded by chain link fence with a gated and locked entrance. The Security Building is monitored 24 hours/7 days a week with alarms and all access points are monitored by our state-of-the-art surveillance camera system, complete with a recording/retention library retained for 90 days.

**Secure Containment Of Confidential Paper**

A variety of on-site locking containers for all your confidential paper and product needs are provided free-of-charge. A Pioneer SecureShred Account Manager will meet with your staff to help you determine the level of service and best placement for the containers.

**Our Destruction Process**

Your confidential material is unloaded and fed into our 100 horsepower grinder. The ground-up paper is then baled and sent to paper mills where it will be recycled by repulping and then formed into a new product.

**Secure Removal of Your Sensitive Material**

A uniformed Pioneer SecureShred service representative will come out to empty the security containers or remove purged files or other material for destruction. All materials are loaded into our fully enclosed trucks for transport to our Security Facility. Our drivers carry 2-way radios and are in constant communication with headquarters.

**Witnessed Shredding**

A customer may watch their own material being destroyed. Call Pioneer SecureShred to schedule your viewed destruction appointment.

**Customer Assurance: Certificate of Destruction**

Pioneer SecureShred sends you a Certificate of Destruction with each itemized invoice, verifying that your paper or product has been destroyed.

# FAQs

## Why should we hire Pioneer SecureShred?

In the paper recycling business since 1894, the testament of our longevity and stability is Pioneer's unparalleled service. Our mission is to provide **SECURE, COST EFFECTIVE** document and product destruction services backed by our integrity.

## How much does it cost to shred?

It depends on how much material is to be shredded and what form it is in. A Pioneer SecureShred Account Manager will provide a competitive rate for container service, file purges, or product destruction.

## What kind of containers do you provide?

We provide locking 95-gallon Totes which hold approximately 250 lbs. and locking Security Consoles which hold approximately 70 lbs. of paper, free of charge.

## How do we schedule a pick-up?

Contact Pioneer SecureShred at 612/381-2199.

## What if we are purging a lot of material?

Pioneer SecureShred will pick-up boxes or pallets of material, or we'll deliver containers for you to load loose paper from your file cabinets. When you are ready for pick up, just give us a call—we will send out a semi-trailer or dock truck.

## What other materials do you shred?

We can destroy computer discs and diskettes, hard plastics, x-rays, pill bottles and many more items. Call us to discuss **ANY** items you want destroyed or reduced in size.

## *For over a Century... Services You Can Count On!*

In 1894, Pioneer Paper Stock purchased straw and rags for recycling and has evolved to purchasing cardboard boxes, newspapers, office paper, and printer's scrap from individuals and businesses.

Now, **Pioneer SecureShred** will help solve your identity theft, shredding and disposal challenges as well!
